Submitted Photo An example of the signage that can be created with the Greenway grants.

LEWISBURG - Susquehanna Greenway Signage and Interpretation is the theme of a new mini-grant program offered by the Susquehanna Greenway Partnership (SGP). It was financed in part by a grant from the Community Conservation Partnerships Program and The Keystone Fund under the administration of the state Department of Conservation and Natural Resources (DCNR) Bureau of Recreation and Conservation.

The purpose is to advance public and private efforts to connect people with the natural and cultural resources of the Susquehanna and promote a sustainable and healthy environment. Award of the mini-grants is focused on interpretative planning and signage projects that will help to improve the experience of people who are using walking, biking and water trails, community parks or visiting river towns within the Susquehanna Greenway.

More than \$50,000 was awarded for: 1.) Developing plans to interpret and promote a community's heritage, natural and recreational resources; and, 2.) Designing, fabricating and installing signs based on the Susquehanna Greenway Sign Design Guidelines.

"The Susquehanna Greenway Partnership is pleased to partner with the DCNR to award \$50,000 in mini-grants to community partners along the Susquehanna," SGP Executive Director Trish Carothers was quoted in a press release. "We have a vision for the Susquehanna Greenway with over 500 miles of connected walking, biking, and water trails, unique river towns and conserved land. The Greenway helps to protect our water quality, encourages healthy lifestyles, and inspires stewardship and civic pride in places where people love to live, work, play and visit."

A total of 10 grants are being awarded ranging from \$1,200 to \$10,000. The project partners are leveraging the \$50,000 in awards with an additional \$71,000 in cash and in-kind contributions.

Regional projects to receive grants include:

Columbia/Montour County Covered Bridge Signage Project: \$2,500 to complete an economic impact study that will validate plans to fund, implement and maintain a comprehensive interpretive and wayfinding signage program for the covered bridges in Columbia and Montour counties.

Grantee: Columbia County.

Millersburg Ferry Boat Interpretative Sign Upgrade: \$4,000 to replace the current ferry boat sign that will orient visitors to information regarding the ferry and its important history.

Grantee: Millersburg Borough.

North Branch Canal Trail Signage: \$5,000 to install trailhead kiosks, mile markers, and hazard signs along the North Branch Canal Trail that will inform trail users about the historic canal and Greenway.

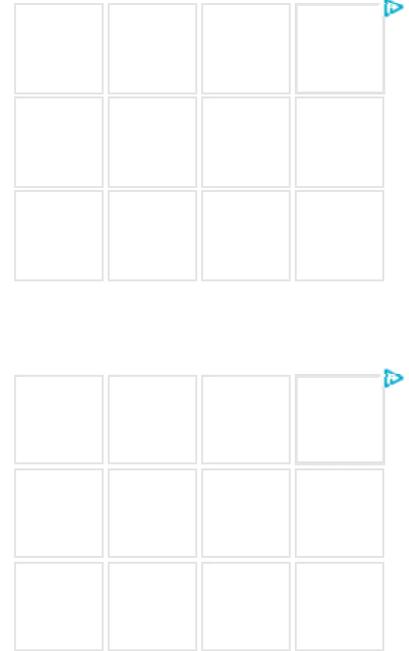

Grantee: Montour Area Recreation Commission (MARC).

Sunbury Riverfront Signage: \$3,500 to implement QR code based signage program for Riverfront Park focused on nature and local heritage as it relates to the river.

Grantee: City of Sunbury.

Watsonstown Canal Boat Pavilion and Canal Path Signage: \$2,341 to develop and install interpretive signage that provides an overview of canal history and promote the 1 mile path along the Watsonstown riverfront.

Grantee: Watsonstown Borough.
