Danville, PA 17821

April 27
May 23
June 28

10a.m.-2p.m.

Promoting the Region's River Towns

Your invited! Deadlines Quickly Approaching

The **SEDA-COG Community Resource Center** and the **Susquehanna Greenway Partnership** would like to present a workshop series geared towards river towns. As part of the River Towns – Phase II: Discovering Middle Susquehanna Valley River Towns project, we are providing the following workshops:

- ***Sustainable Economics for River Towns*** on Wednesday, April 27
- ***Treasured Towns & Landscapes*** on Monday, May 23.
- ***Community Building for River Towns*** on Tuesday, June 28

On March 29, 2011 the Susquehanna Greenway River Town Assessment Tool was piloted with four river towns. The premise of the tool was explore each towns' existing physical, environmental, cultural, and economic conditions to determine the best direction for enhancement efforts. The assessment is divided into five components – Community Life, Sustainable Economic Development, 21st Century Economy, Treasured Towns (the built environment) and Treasured Landscapes (the natural environment). The final version of this assessment will be available to the general public this July on the Susquehanna Greenway [website](#).

To help river towns bolster this self-assessment of their towns, we are offering the three workshops listed above. River towns are special towns; special places that have much to offer, yet distinct in character and identity. The three workshops offered in April, May and June are designed to provide information for river towns to decide each one's unique course as it prepares for the challenges and opportunities that lie ahead. Being part of the Susquehanna Greenway is a distinction that should be celebrated. To fully realize your potential as a Susquehanna Greenway River Town, we would like to provide you with the tools to help your town capitalize on the economic, environmental and social benefits that result from protecting, enhancing and promoting your town's assets and environmental resources.

Click here for the [registration form](#). Multiple spaces are available if more than one person from your organization should choose to attend. All three workshops are offered for \$40. If not attending all three, then the cost of each individual workshop is \$15. Unless you are attending all three workshops, follow the RSVP schedule below in order to allow us to accommodate for lunch.

Workshop 1: April 20, 2011
Workshop 2: May 18, 2011
Workshop 3: June 22, 2011
