

Susquehanna Greenway Partnership awards \$50,000 in mini-grants

Susquehanna Greenway Signage and Interpretation is the theme of a new mini-grant program offered by the Susquehanna Greenway Partnership (SGP).

The mini-grant program was financed in part by a grant from the Community Conservation Partnerships Program, The Keystone Fund under the administration of the state Department of Conservation and Natural Resources, Bureau of Recreation and Conservation (DCNR).

The purpose of the mini-grant program is to advance public and private efforts to connect people with the natural and cultural resources of the Susquehanna and promote a sustainable and healthy environment.

Award of the mini-grants is focused on interpretative planning and signage projects that will help to improve the experience of people who are using walking, biking and water trails, community parks or visiting river towns within the Susquehanna Greenway. More than \$50,000 was awarded for:

- Developing plans to interpret and promote a community's heritage, natural and recreational resources.

- Designing, fabricating and installing signs based on the Susquehanna Greenway Sign Design Guidelines.

"The Susquehanna Greenway Partnership is pleased to partner with the DCNR to award \$50,000 in mini-grants to community partners along the Susquehanna," said Trish Carothers, SGP executive director. "We have a vision for the Susquehanna Greenway

with over 500 miles of connected walking, biking, and water trails, unique river towns, and conserved land. The Greenway helps to protect our water quality, encourages healthy lifestyles, and inspires stewardship and civic pride in places where people love to live, work, play and visit."

Ten grants are being awarded ranging from \$1,200 to \$10,000. The project partners are leveraging the \$50,000 in awards with an additional \$71,000 in cash and in-kind contributions.

The projects to receive grants include:

- Clearfield-Grampian Trail Signage: \$4,150 for three trail-head orientation panels and trail blazes to help trail users see what opportunities exist along the trail between Clearfield and Grampian.

Grantee: Clearfield County Recreation and Tourism Authority.

- Columbia/Montour County Covered Bridge Signage Project: \$2,500 to complete an economic impact study that will validate plans to fund, implement and maintain a comprehensive interpretive and wayfinding signage program for the covered bridges in Columbia and Montour Counties.

Grantee: Columbia County

- Duncannon Sesqui-centennial Historic Interpretive Signs & Walking/Biking Trail Plan: \$10,000 to create and install 8 to 12 historically oriented interpretive panels throughout the community that will be connected by a pedestrian/bike trail plan.

Grantee: Duncannon
