Susquehanna Greenway West Branch Paddle & Pedal Sojourn June 17-21

Break out the paddles, get your campfire tales organized, and join us for an exciting trip through some lovely and scenic sections of the West Branch of the Susquehanna River during our 5-day educational paddling and cycling trip from June 17-21.

The theme this year is "Closing the Gaps" where we'll explore how we work to link land and water trails along the Susquehanna Greenway.

Join the [Susquehanna Greenway Partnership](#) for the entire trip, or a few days...it's up to you!

Touted by National Geographic as a "Best Adventure Destination for 2012" and recently designated a National Recreation Trail and part of the Captain John Smith Historic Trail, the West Branch is a great place for exploration!

Back by Popular Demand! On Day 1 we will enjoy a 20-mile bicycle trip along the Pine Creek Rail Trail - voted as one of the "10 great places to take a bike tour" by USA Today! You'll be able to bring your own bike and helmet, or request a loaner adult bike in your registration.

For all the details and to register, visit the [West Branch Paddle & Pedal Sojourn](#) webpage.
