

Dear Corey

Fall is finally upon us and while it signals the close of summer, it also opens up a prime time to go out and *Explore the Susquehanna*. From the mountains to the bay, the Susquehanna River offers a host of opportunities to get out and enjoy this changing of the season. Here are a few of our favorites trails to explore. So grab a friend or family member, whether two-legged or four, and see what adventures you can find along the Susquehanna Greenway.

As always we look forward to seeing you on the Greenway,
