A Vision for Lock Haven

Photo Credit: Scott Williams

If you have a vision for Lock Haven, come share your ideas at our public meeting! Join us for an educational evening of presentations and focus group sessions at our future community visioning meeting. At this meeting, you will learn more about your home, and help it turn into a Susquehanna Greenway River Town.

The Susquehanna Greenway is a corridor of connected trails, parks, river access points, and communities, linking people to the natural and cultural treasures of the Susquehanna River and its West Branch. Over 500 miles in the length, the Greenway is one of our state's greatest resources, conserving the environment for all living things, and creating recreational opportunities for healthy communities.

The event will be taking place Thursday, March 27 at Durrwachter Alumni Conference Center Lock Haven University, 10 Susquehanna Ave. Lock Haven, PA.

The open house will be from 6:00 p.m. - 6:30 p.m. in the main lobby of the Durrwachter Center. This will be a time to discuss the ongoing and future park recreation plans in the Lock Haven area.

The public forum will be opening at 6:30 p.m., with a few short presentations including opening remarks by Lock Haven University President Dr. Michael Fiorentino Jr. and a presentation by Lock Haven Mayor Richard Vilello. A focus group activity will be followed by this, where all meeting participants will be separated into various groups. They will be asked several questions relating to the community and then report back to the group as a whole.

The meeting is being hosted by the Susquehanna Greenway Partnership, Lock Haven University, Downtown Lock Haven Inc., The City of Lock Haven, Clinton County Chamber of Commerce, and Clinton County Commissioners. Any further questions can be answered by contacting Zach Pyle, SGP River Towns Program Coordinator, at 570-522-7339 or email at zpyle@susquehannagreenway.org
