Brainstorming in Renovo

Western Clinton County discusses River Town program

January 16, 2015

From staff reports

RENOVO?- Over 100 people attended last night's open house and public forum at the Renovo fire hall. The event, spearheaded by local officials, volunteers, the Susquehanna Greenway Partnership and SEDA-COG Economic Redevelopment, was an opportunity for the community to gather and discuss how Western Clinton County can best become part of the River Town program.

Those in attendance, which included many elected officials from various boroughs and municipalities, broke into groups suggested by Susquehanna Greenway and identified their biggest needs and concerns of becoming part of the program, which aims to help communities reconnect with their river heritage.
