Thank You! Your gift will help us protect the natural and cultural resources of the Susquehanna, revitalize

Everyone needs gasoline, snacks and drinks for all the funsummer activities, right? That's what we thought and we have a solution to help you continue to fuel all your summer fun. For every gallon of gasoline sold at the Jersey Shore

location, Nittany MinitMart will donate one cent to the Jersey Shore Public River Access project fund.

Additional proceeds will be obtained through the purchase of select food service items including pizza and smoothies, and through a variety of beverage and snack

food items.

Supporters and passerbys are encouraged to visit the storeduring the month of August to take advantage of these special promotions, and to participate in exciting prize and giveaway opportunities. Help support this project with purchases you are already making, just make them at Nittany MinitMart in Jersey Shore.

The historic town of Jersey Shore is located along the West Branch of the Susquehanna River. The town's location and identity are entwined in its river heritage, yet there is no

public access to connect with the rich resources of the river. The Susquehanna Greenway Partnership is working

river communities and build connected parks, trails, and public river access points.

Please indicate if your gift is designated for the Jersey Shore Public River Access project in the notes section.

with the Borough of Jersey Shore, the Department of Conservation and Natural Resources, and other community leaders to develop a safe public river access that offers recreation opportunities for boating, fishing, swimming and sightseeing.

"Residents of Jersey Shore have been interested in getting a good public river access for years," said Trish Carothers, Susquehanna Greenway Partnership Executive Director.

"Most of the funding for this project has been secured, just \$50,000 needs to be raised from the local community to take this project from start to completion. We appreciate the participation of Nittany MinitMart in the fund drive for the public river access."
