NOTICE:
This drawing was prepared for the use of the Lancaster County IT/GIS and is intended to be used for reference and illustrative purposes only. This drawing is not a legally recorded plan, survey, official tax map or engineering schematic and it is not intended to be used as such. This drawing is a compilation of records, information and data developed and maintained in various Lancaster County offices; map layers were created from different sources at different scales, and the actual or relative geographic position of any feature is only as accurate as the source information. If you have questions about any of the data shown on this map, direct them to the Lancaster County GIS at (717) 391-7550.

LANDBASE SOURCE:
Planimetric and topographic data compiled photogrammetrically to National Map Accuracy Standards for 1" = 200' scale mapping using digital stereoplotters, from aerial photography dated 1998 and 2002, controlled analytically from ground points captured using first-order global positioning system equipment. Topographic contours and elevations were derived using a digital terrain model from feature elevations based on the North American Vertical Datum of 1988. Planimetric coordinates were based on the Pennsylvania State Plane Coordinate System South Zone and North American Datum 1983. Aerial photography base is black and white in Spring 2002 and true color in Spring 2005, Spring 2008, Spring 2012, Spring 2016 and Spring 2018.
